March 19, 2003

Sir:

In reply to the Official Action mailed December 19, 2002, the following amendments and remarks are respectfully submitted in connection with the above-identified application.

IN THE CLAIMS:

Please amend the claims as follows:

1. (Amended) A multiple-printer control apparatus for controlling a plurality of printers, comprising:
- a print-processing capability detection unit for detecting print processing capability of each of the plurality of printers;
 - an overall-workload detection unit for detecting overall workload of printing to be performed using the plurality of printers; and
 - a printer control unit for performing control, on the basis of print processing capabilities detected by said print-processing capability detection unit and the overall
